

**NATIONAL TRANSPORT UNIVERSITY COURSES TAUGHT IN  
FOREIGN LANGUAGES - 2022-23 SCHOOL YEAR -  
BACHELOR'S DEGREE**

<b>FACULTY</b>	<b>COURSE</b>	<b>ECTS</b>
<b>FACULTY OF TRANSPORT AND INFORMATION TECHNOLOGIES</b>	City Passenger Transport	<b>5</b>
	Supply Chain Management	<b>5</b>
	Warehouse Logistics	<b>5</b>
	Integrated Transport System in Urban Logistics	<b>5</b>
	General Course of Transport	<b>5</b>
	Organization and Management of Passenger Traffic	<b>5</b>
	Smart Transport and Logistics for Cities	<b>5</b>
	Math Methods in Logistics	<b>5</b>
	Design of Supply Chains	<b>5</b>
	Reverse Flows Management	<b>5</b>
	Sustainable Logistics	<b>5</b>
	City Communication	<b>5</b>
	Urban Logistics	<b>5</b>
	Strategic Supply Chain Management	<b>5</b>
	Logistics Audit	<b>5</b>
	Demand Forecast	<b>5</b>
	Inventory Management	<b>5</b>
	Optimization in Supply Chains	<b>5</b>
	Cargo Science	<b>5</b>
	Transport Safety	<b>5</b>
	Outsourcing of Transport and Logistics Services	<b>5</b>
	Transport Services in Foreign-Economic Activity Supply	<b>5</b>
	Multimodal Transportation	<b>5</b>
	Transportation Geography	<b>5</b>
	Organization of International Transportation	<b>5</b>
	Fundamentals of Software Engineering	<b>5</b>
	Software Quality and Testing	<b>5</b>
	Software Testing and Verification Technologies	<b>5</b>
	Electronic Records Management	<b>5</b>
	Systems Analyses of Information Processes	<b>5</b>
Information Management	<b>5</b>	
Information Technologies in Tourism	<b>5</b>	

<b>FACULTY</b>	<b>COURSE</b>	<b>ECTS</b>
<b>FACULTY OF MANAGEMENT, LOGISTICS AND TOURISM</b>	Marketing	5
	Management	5
	Innovative Technologies in Tourism	5
	Strategic Management	5
	Management in International Tourism	5
	Enterprise Finance	5
	Finance, Money and Credit	5
	Self-Management	5
	Theory of Organizations	5
	Management of Organizations and Changes	5
	State and Regional Administration	5
	Administrative Management	5
	Public Management and Administration	5
	Organization of Entrepreneurship	5
	Logistics in Tourism	5
	Fundamentals of Logistics	5
	Corporate Project Management	5
	Business English	5
<b>FACULTY OF TRANSPORT CONSTRUCTION</b>	Real Estate Development	5
	Occupational Health in Industry	5
	Civil Protection	5
	Methodological Bases of Development and Management of Scientific Projects	5
	Network Planning in Transport Construction	5
	Workstation Manager	5
	Construction and Operation of Engineering Networks	5
	Estimates of Geodetic Works	5
	Assessment of the Technical Condition of Real Estate	5
	Technology of Construction Production Using Software	5
	Typology of Buildings	5
	Pricing in Transport Construction	5
	Protection of Concrete and Metal Structures of Hydraulic Structures from Corrosion	5
	Architecture of Transport and Hydraulic Structures	5
	Building Constructions	5
	Computer Technologies for the Design of Transport and Hydraulic Structures	5
	Computer Technology for the Design of Transport Facilities	5
	Design and Construction of Tunnels and Subways	5
	Fundamentals and Foundations	5
	Theoretical Mechanics	5
Theory of Machines and Mechanisms	5	

<b>FACULTY OF AUTOMOTIVE AND MECHANICAL ENGINEERING</b>	Monitoring systems in transport	<b>5</b>
	International green business	<b>5</b>
	Mathematical Modeling for Research of Internal Combustion Engines	<b>5</b>
	Hardware and software in automotive engineering	<b>5</b>
	Automotive operating materials	<b>5</b>
	Methods of systems analysis of the environment	<b>5</b>
<b>FACULTY OF ECONOMICS AND LAW</b>	Macroeconomics	<b>5</b>
	International economic relations	<b>5</b>
